

NeighbourhoodNetwork
Building Better Communities Together

CELEBRATING 10 YEARS

This January, Neighbourhood Network celebrates a milestone **10 year anniversary!**

Our organization has evolved drastically over the past decade.

We have grown geographically, expanding from our initial home bases of Aurora and Newmarket to the north and south. Neighbourhood Network now offers its programs and services in the municipalities of East Gwillimbury, Georgina, and King Township with the goal of being operational in all of the "Northern Six" municipalities of York Region.

As an organization we continue challenging ourselves to engage as many residents as we can in volunteerism, and have recruited over 12,000 volunteers for this cause to date. The charities, non-profits, and community groups we work with continue to increase, as does their reliance on our services.

Collectively, this growth and expansion means we are linking more volunteers than ever to help meet important needs in our communities. And though much has changed in 10 years, one thing always remains the same: Neighbourhood Network's commitment to strengthening and building better communities, together.

STEVE HINDER
Manager, Neighbourhood Network and Magna for Community

Mission

To support the neighbourhoods of Aurora, East Gwillimbury, Georgina, King Township, and Newmarket by promoting volunteerism and linking community resources to our partnered charities and agencies.

Vision

Building better communities together.

Partners

2017 **379**

(as of December 1)

Volunteers

2016 10,230

2017 **12,073**

(as of December 1)

Core Programs & Additional Activities

Our core programs and additional activities were identified to us by local residents and are designed to meet specific community needs while engaging volunteers in our partnered municipalities.

Give Back Awards

We donate twenty cash prizes annually to local graduating high school students based on their exceptional volunteer contributions.

Spring Tree Planting

We coordinate a tree planting day each spring to compliment local Earth Day initiatives and provide growing benefits to our communities.

Winter Snow Removal

We facilitate a volunteer snow removal service for seniors and persons with disabilities to help individuals remain mobile throughout the winter months.

Holiday Gift Drive

We help local residents make meaningful gift donations during the holiday season by determining the highest needs of our partners and allocating the gifts appropriately.

Fall Food Drive

We support local food banks between the holiday seasons to help fight hunger in our communities.

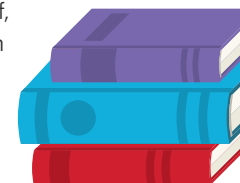

Magna Hoedown

We plan and execute the annual Magna Hoedown, the largest fundraiser in York Region. This year the event raised **\$534,000** for twenty local charities, non-profits and community groups.

School Outreach and Student Engagement

We collaborate with local high schools and offer a variety of programs, volunteer fairs, and presentations to engage students, staff, and parents in volunteering.

Network North Collaborative

We are the lead agency of this United Way Strength Investment Initiative, which works to connect and engage the changing population of East Gwillimbury through collaboration.

Magna Seniors Christmas Concerts

We organize six annual concerts for thousands of local seniors to enjoy during the holiday season.

Save the Dates!

Neighbourhood Network is excited to offer educational events for all registered partners. Save the dates for next year's initiatives!
